15. Restricted Players

There are a number of ways a player can be classed as restricted; to avoid confusion we have separated these into two categories;

- Players born outside of the Asia/Oceania region
- Australia citizens or Permanent Resident – this is when a player who played in the previous/current season of the NBL, WNBL (or equivalent overseas league), is classed as restricted by the number of minutes averaged.

All players moving from one country to another for a valid reason have the right to participate in basketball competitions subject to the rules of FIBA and Basketball Australia.

In Australia the NBL and the WNBL is classed as the first division competition, the NBL1 is classed as the second division competition.

- a) Each team in the NBL1 are entitled to have a maximum of three (3) restricted players with no more than two (2) players from category A permitted.

15.1. Category A – Players born outside of the Asia/Oceania region

Players who have citizenship from any of the FIBA Oceania members (as per in the FIBA Regulations) are allowed to play in all Leagues in Australia without being considered “foreign” or “restricted” in terms of competition eligibility.

There is a limit of one (1) Asian born player from any of the FIBA Asia members, that will be allowed to play in NBL1 East without being considered “foreign” or “restricted” in terms of competition eligibility.

All Asia/Oceania born players outside of Australia still need to obtain a FIBA Oceania Foreign Player licence before participating for their association. A fine will be imposed by FIBA if a player plays without a licence being granted. This can be upwards of \$10,000 which will be passed onto the Association.

Please refer to FIBA Oceania’s regulations for International Licences for Foreign Players, fees do apply and foreign players will not be permitted to play without a Foreign Players Licence.

- a) Players who do not hold Australian citizenship status but immigrated to Australia with their parents prior to their fifteenth (15th) birthday may apply for a Special Foreign Player License to enable them to participate in NBL1 as an unrestricted player.

15.2. Category B - Australian citizens.

- a) If a player has dual nationality and has represented another Country in any official FIBA tournament (Zone Qualifier, World Championships or Olympic Games) and is therefore ineligible to represent Australia will be ruled as “restricted”.
- b) Players who played in previous/current season of the NBL, WNBL (or equivalent overseas league), will be classed as a restricted player, if”.
 - A NBL player averaged greater than 25% of available court time (10 minutes).
 - A WNBL player averaged greater than 35% of available court time (14 minutes).

If a player last played in the NBL/WNBL or equivalent overseas league 2 seasons prior to the current season, and has not played in any other competition in Australia or overseas, then the status given in that season shall apply.

For example “If the current season of the WNBL is 2014/15 and Jane Doe last played in the WNBL in the 2012/13 season and averaged more than 14 minutes a game, Jane will then be classed as a Restricted Player”.

15.3. Home grown player(s).

- b) They have played 6 seasons representing their home association in a BNSW conducted junior league competition, or
- c) c) If a player has only represented one association in all BNSW competitions at junior and senior level they are classified as a home grown player

15.4. Permanent Residents/Refugee

Players who hold Permanent Residency are classified as un-restricted, evidence of Permanent Residency needs to be lodged with both Basketball Australia and Basketball NSW before participating in the League.

15.5. Each Association is required to notify the League Manager the names of all restricted players and/or non-restricted players with citizenship other than Australian, that are registered to play in any of their teams, indicating the basis of their restriction and residency status.

15.6. Any restricted player may be replaced by another restricted player during the regular season, provided it is before the eligibility cut-off date. Any games in which the replacement-restricted player participates may not be counted towards the original restricted player's finals eligibility. The replacement restricted player must have the appropriate visas and clearances in place before participating in the League.

At the end of the game if a player does not take the court, either the scorer shall write DNP next to the players name on the scoresheet, or if there are no transactions recorded against the player(s) in Synergy, it shall mean that the player(s) were present and entitled to play, but the coach chose not to play them.

- 23.1. Games shall be played on weekends on a home and away basis. A draw will be distributed with games played on either Saturday or Sunday.
- 23.2. Where desirable and with the consent of the away team, matches may be played on a Friday evening or public holiday subject to being published on the league draw at the commencement of the season. The visiting team has the overall right of refusal in the first draft, not once published.

- 23.3. As a general principle, the league shall fixture double header games where possible. Exceptions to this will be where Associations have agreed to also play central venue rounds.
- 23.4. For the regular season, games shall not commence later than 8:30pm on Friday or Saturdays or later than 3pm on Sundays.
- 23.5. Once the season has started, associations requesting any changes to the draw must:
- a) Submit a written application to BNSW setting out the reasons for the request. This must be done prior to contacting the opposition.
 - b) Obtain approval from their opponent's Association.
 - c) In extraordinary circumstances BNSW will make a ruling.
 - d) Games cannot be changed without BNSW permission.
 - e) A fee of \$300 will apply for each request.

24. Competition Format

- 24.1. There are no set limits on the number of teams that can participate in NBL1, provided associations achieve set criteria points. If Associations do not achieve the set criteria points, they will have the chance to participate in the Waratah League.

The League Manager endorsed by the Waratah League Advisory Committee will rule on a year-to-year basis the best means of operating the competition.

25. Special Rules

BNSW and the League Manager after receiving advice from the Waratah League Advisory Committee have the power to vary, change or introduce Special Rules into the By-Laws.

The League Manager is empowered to cite any players, coaches, members of Associations or game officials to appear before a BNSW Tribunal hearing in the event that behaviour is deemed inappropriate or poor.

25.1. Red Card System – Player

If a Player receives or is responsible for an accumulation of 3 technical fouls (for poor behaviour) throughout the season they will receive an automatic two (2) game suspension.

If a Player receives an automated suspension, this shall be construed as meaning that the suspended Player cannot during this two (2) game suspension do any of the following basketball related activities;

- Play basketball
- Referee
- Coach
- Table officiate
- Officiate in game statistics

If the same Player receives two more technical fouls in the same season (for poor behaviour) then the offending player will be required to appear before a BNSW Tribunal hearing.

To clarify the intent of this rule, this means that the offending Player:

- Cannot choose which games the suspensions will apply.
- Cannot use games played in any other division of the Waratah League or NBL1 to count towards their suspension.
- Cannot use games played at local level to count towards their suspension.

As the Red Card System is a Waratah League & NBL1 East specific rule, an offending player's suspension(s) only apply in the competition that they occurred.

The Red Card System carries over into the finals series.

- 25.2. Should a red card be issued (for poor behaviour), Associations have the ability to appeal. The appeal must be submitted on association letterhead, \$500 (paid at the time the appeal is submitted) and must have video evidence of all three (3) technical fouls.
- 25.3. The following conduct may be sanctioned by result in a loss of competition points/and or removal from the league, and/or up to a \$2000 fine:

Sanctions may be imposed on a team, player, coach and/or association.

26. Risk Warning

All participants should be aware that there are risks of injury associated with playing basketball, as there are with other sports. Risks will arise in the context of the activities of running, catching, throwing, passing, and shooting the ball plus guarding opposing players. While BNSW aims to minimise risk, it is not possible to eliminate them all.

27. Out of Season Games

- Higher goal difference of the games between them.
- Higher number of goals scored in the games between them.
- Higher goal difference of all games in the group.

- 29.3. The BNSW Disciplinary Tribunal By-Laws (as amended) set out the Procedures to be followed in the event of any report being lodged.
