

Spiders Representative Program

Spiders Representative trials information

These October trials are open to:

Boys

- Selected (by invitation only) from Round 1 (September) trials
- Last season's Spiders representative players

Girls

- New to representative basketball
- Have played representative basketball at an association other than Spiders
- Played representative basketball for the Spiders in season 2024 (or previous seasons)

In line with the objectives of the Association we are required at all times to act on behalf of and in the interest of our members and basketball in the local area. As such, when selecting our representative players, preference will be given to participants in our local competition, our previous representative players, and those participating in our various development programs.

Please note that if your child is offered a team position and does not fit into any of the previously mentioned categories you will have 48 hours to accept the position and pay the yearly representative fees in full. Failure to do so will result in an immediate exclusion from further participation in the selection process, and our representative program for this year. These fees are non-refundable. The Association may, at its absolute discretion, consider waiving this requirement in case of hardship or other special circumstances. Special circumstances will not include your child trying-out to play for another Association.

Please note

An offer of a playing position in the 2025 Spiders Representative Program may be made at any time during the selection process.
